maintenance & asset management

## Introduction to Maintworld

Maintworld is the only Pan-European Publication of the EFNMS (European Federation of National Maintenance Societies). It's core focus is to provide Businesses with information on leading Technologies, expertise and best practices on Maintenance and Asset Management.

Through the combined effort of the National Maintenance Societies of the 22 Countries that comprise the EFNMS, MaintWorld is able to give maximum exposure and market representation to any Company wishing to influence Senior Decision Makers in Key Markets related to Maintenance and Asset Management. Furthermore, with our International Network of single country Associations, we constantly update our database to ensure the fact that you reach the people who count.

MaintWorld, with its Print distribution and the Digital Online version is able to thread connections between Buyers and Sellers Globally therefore making it the most influential Publication of its kind in the Maintenance and Asset Management B2B world in Europe and beyond.
